

Syllabus — Class 5 Mathematics Olympiad

This maps the topic list for **SOI IMO Class 5** (primary reference) against **Silverzone iOM** and **Unified Council UIMO**. Compared to Class 4, all three boards converge on the same step up: bigger numbers, and the introduction of percentage, ratio & proportion, and profit/loss.

1. SOI IMO — Class 5 (primary reference)

Section 1 — Logical Reasoning

- Patterns (number & figure series)
- Analogy and Classification (odd one out)
- Alphabet Test
- Coding–Decoding
- Ranking Test
- Mirror and Water Images
- Geometrical Shapes
- Embedded Figures
- Direction Sense Test
- Logical Sequence of Words
- Puzzle Test
- Clock and Calendar

(Two sub-topics are new versus Class 4: **Water Images** and **Logical Sequence of Words / Puzzle Test**, both verbal/sequencing puzzles rather than visual ones.)

Section 2 — Mathematical Reasoning

- Numerals and Number Names, Number Sense (7–8 digit numbers, Indian place-value system: lakhs and crores)
- Roman Numerals
- Computation Operations: addition, subtraction, multiplication, division
- Factors and Multiples, HCF and LCM, number patterns
- Fractions and Decimals: comparing, equivalent, operations, conversions
- **Percentage, Ratio and Proportion** (new vs. Class 4)
- **Profit and Loss, and an introduction to Simple Interest** (new vs. Class 4)
- Measurement: Length, Weight, Capacity, Time, Temperature, Money

- Geometry: shapes, angles, symmetry
- Perimeter of various shapes; Area of rectangle and square
- Data Handling

Section 3 — Everyday Mathematics

- Same syllabus as Section 2, framed as real-life word problems.

Section 4 — Achievers Section (HOTS)

- Higher Order Thinking Questions drawn from the Section 2 syllabus — usually 2–3 step problems, worth more marks per question than any other section (see [02-exam-pattern.md](#)).

2. Cross-olympiad topic map

Topic area	SOF IMO	Silverzone iOM	Unified Council UIMO
Number sense (7–8 digit numbers), Roman numerals	✓ Sec. 2	✓ "Numbers and Their Operations"	✓ "Large Numbers"
Four operations, factors/multiples, HCF/LCM	✓ Sec. 2/3	✓	✓ "Factors and Multiples"
Fractions & decimals	✓ Sec. 2/3	✓ "Parts and Whole"	✓
Percentage, ratio & proportion	✓ Sec. 2/3 (new)	✓ dedicated unit (new)	✓ "Ratios ... Conversions and Percentages" (new)
Profit, loss & simple interest	✓ Sec. 2/3 (new)	— (light)	✓ "Profit and Loss", "Simple Interest" (new)
Measurement (length/weight/capacity/time/temperature), money	✓ Sec. 2/3	✓	✓
Geometry, perimeter & area	✓ Sec. 2/3	✓ "Geometry and Measurement"	✓
Data handling	✓ Sec. 2/3	✓ "Graphical Representation of Data"	— (light)
Pure logical reasoning (coding, analogy, mirror/water images, direction sense, puzzle test)	✓ Sec. 1 (dedicated, 15)	✓ "Reasoning and Aptitude"	✓ "Logical Reasoning" (10)

Topic area	SOF IMO	Silverzone iOM	Unified Council UIMO
	Q)		marks)
Higher-order / critical thinking	✓ Sec. 4 "Achievers"	✓ "Scholar's Zone"	✓ "Critical Thinking"

Takeaway: as with Class 4, thoroughly practising the SOF IMO Class 5 list covers essentially all of Silverzone iOM and UIMO as well — new for Class 5, specifically, is percentage/ratio/proportion and profit-loss/simple-interest, which now get their own practice week (see [03-practice-plan.md](#)).
