

Week 9 — Reasoning: Patterns, Analogy, Coding & Word Puzzles — Answer Key

- Q1. D) Chair** — Guitar, Violin, and Tabla are musical instruments; a Chair is furniture.
- Q2. B) Student** — A doctor treats a patient; a teacher teaches a student.
- Q3. C) 30** — 16, 25, and 49 are perfect squares (4^2 , 5^2 , 7^2); 30 is not.
- Q4. A) GRJ** — The rule is "+3 letters": $D \rightarrow G$, $O \rightarrow R$, $G \rightarrow J$.
- Q5. B) J** — The pattern skips one letter each time: B, D, F, H, J.
- Q6. A) 1, 3, 2, 4** — Alphabetically: Mango, Market, Monkey, Moon (comparing letter by letter: "Man..." < "Mar..." < "Monk..." < "Moon" — the 3rd letter decides Monkey vs. Moon: 'n' comes before 'o').
- Q7. D) Sphere** — Triangle, Square, and Pentagon are flat (2-D) shapes; a Sphere is a solid (3-D) shape.
- Q8. B) Cut** — A pen is used to write; scissors are used to cut.
- Q9. A) ICTFGP** — The rule is "+2 letters": $G \rightarrow I$, $A \rightarrow C$, $R \rightarrow T$, $D \rightarrow F$, $E \rightarrow G$, $N \rightarrow P$.
- Q10. C) 111** — Each term is "double, then add 1": $6 \times 2 + 1 = 13$, $13 \times 2 + 1 = 27$, $27 \times 2 + 1 = 55$, $55 \times 2 + 1 = 111$.
- Q11. C) Hen** — Cow, Goat, and Sheep are mammals; a Hen is a bird.
- Q12. C) Meena** — The order is Priya, Simran, Raj, Meena, Tina — Meena is the only person left to fill the middle seat, between Raj and Tina.
- Q13. D) Rainbow** — Red, Blue, and Green are each a single colour; a Rainbow is a mix of many colours.
- Q14. B) P** — The pattern skips one letter backward each time: Z, X, V, T, R, P.
- Q15. B) 38** — 12 C 3 means $12 \times 3 = 36$; 8 D 4 means $8 \div 4 = 2$; 36 A 2 means $36 + 2 = 38$.

Scoring: 15/15 — excellent, move to Week 10. 13–14/15 — solid, review the missed ones. Below 13/15 — for coding-decoding, always work out the shift rule from the example pair given before applying it to the new word; don't guess.
