

Achievers — Level 2 (Multi-Step HOTS)

A dedicated harder follow-on to Week 11, for students who've qualified Level 1 and are prepping for Level 2. Every question needs two or more genuine reasoning steps — working backwards, combining two facts, chaining a percentage/ratio/SI calculation, or solving for an unknown before using it. 15 questions, 4-option MCQ, untimed.

- Q1.** A number is increased by 20% to become 360. This new number is then decreased by 25%. Find the final value. A) 215 B) 220 C) 225 D) 230
